

WINE CELLAR, WINE-GROWING

## Beneš Family Winery

**Sklepní 641**

**Hrušky , 69156**

You can come right to our winery for a tasting. Regular clients in particular like to visit where the wine is produced to discover new vintages. The Beneš family winery produces wines mainly from varieties typical of the Podluží region. The focus of viticulture and wine production is on ensuring that the wines have a pure typical varietal character and are produced as naturally as possible.
