**Palackého 172**

**Bojkovice, 687 71**

The Bojkovsko Museum is sure to make you feel “at home” – one of the exhibitions is all about traditional housing. You can visit an apartment with contemporary paintings, functional electronics and furnishings, mostly from the 1930s to the 1950s. You can also take a look inside a contemporary school classroom, where the equipment is fully usable for practical demonstrations. Other exhibitions are devoted to the development of crafts and trades; you can see the equipment, tools and symbols of individual guilds. The museum also focuses on the findings of amateur archaeologists, the judiciary, art and spiritual life, as well as the ethnographic region of Moravské Kopanice.
