

EXTRAORDINARY EXPERIENCES**Ždánice Observatory and Planetarium****Lovecká 678****Ždánice, 696 32**

The observatory in Ždánice was built in the mid-1960s. In the past it had a wealth of astronomical and cultural activities. Then it went into decline, but after years of inactivity it has reopened with a modern planetarium.

How to get here By car, access to the observatory is from Lovecká by turning into Servítky, from there by the connecting road to Za Hvězdárnou and at the end of the road is the observatory – map. By bus, it is easy to reach the observatory via Lovecká to the Hvězdárna bus stop.
