Glamping Slovácko offers an unconventional vacation in nature. Escape from all responsibilities, stresses, persistent emails, and messages, and enjoy an unforgettable holiday in South Moravia. Just you, your loved ones, and the beautiful nature of Slovácko. Glamping is suitable for family camping with children, but also as unconventional accommodation with adventure or undisturbed romance for couples in love. There are three equipped tents available. The first is located among hawthorn orchards in the hills of Moravian Tuscany. The second allows you to fall asleep directly among the vineyards. The third is situated by a small pond. All tents are completely away from built-up areas, where you won't encounter neighbors, and are designed for two to four people.
