Pension Modrá Hortenzie

Archlebov 427

Archlebov, 696 33

Family apartments Modrá Hortenzie are built on the site of a former farm in the picturesque village of Archlebov. The architecture of the entire complex has its roots in traditional Slovácko. The unusually colorful interior with historical elements will surely catch your eye at first sight. The guesthouse offers ten air-conditioned apartments. Each apartment includes a fully equipped kitchen with appliances. There is also a living room, bathroom, one or two bedrooms, and a terrace. The terraces are cleverly built into the inner block, ensuring absolute peace for relaxation and rest. The vaults are illuminated, creating an extraordinary atmosphere. With a glass in hand, you will feel as if you have traveled to another country.

Around Archlebov, there are countless hiking trails full of viewpoints, castles, and mainly vineyards. In our guesthouse, we have a shelter for bicycles, and you will receive many promotional materials and tourist maps with excursion tips.

You can walk to our wine. On the outskirts of Archlebov stands the reconstructed building of the former cultural house, the Spielberg winery. Taste our wines, which gain their taste and color precisely in the surroundings of Archlebov. Learn its story and let yourself be drawn into the magical landscape of Moravian Tuscany.

The capacity of the guesthouse is 40 people, 31 beds.
